Welcome to FY2019
Mission and Basic Goals
Ivan Allen College

Vision

To be a distinctive jewel in the Georgia Tech crown.

Mission

To soar as a distinctive model for liberal arts research, education, and community engagement in our highly scientific and technological 21st century world.
Basic Strategic Goals

- **To lead** in innovative research in the humanities and social sciences.
- **To prepare leaders** who balance a richly defined base of knowledge, expertise, and skills with a well-grounded sense of social and ethical responsibility.
- **To function** well as a critical factor in policy arenas of various kinds.
- **To set a robust pace** for the highest qualities of human-centered leadership and positive engagement—locally, regionally, nationally, internationally.
- **To continue building resources and infrastructure for excellence.**
Priorities for FY2019
FY19 Priorities

• To keep the College stable and on an upward trajectory despite financial challenges.

• To continue advancing the College’s strategic plan:
  – Enhance IAC organizational effectiveness based on the results of the College-wide Review of All Staff in Alignment with Institutional Expectations
  – Build Undergraduate and Graduate Enrollments
  – Advance Strategic Planning and Implementation in Schools
  – Forward the IAC mission and goals
Strength in Graduate and Undergraduate Programs
IAC Undergraduate Applications

Ivan Allen College Freshman Applicants

- 2012: 680
- 2013: 788
- 2014: 939
- 2015: 1089
- 2016: 1361
- 2017: 1208
- 2018: 1431

IAC IT Trains Are Running
What does IAC-IT Do?

• Keep day-to-day computing activities going
  o Web access, email, printing, backups, etc.
  o High priority for Computer Service Representatives
• Help users get started with their own computer platforms and specialized software packages
• Support and train IAC users to use different software packages
• Facilitate work with OIT to make the best use of centrally-provided services
• Update the IT infrastructure (hardware & software)
• Help units update and improve their web presence
  o Also ensure compliance with GT policies
A Vibrant Research Enterprise
IAC Sponsored Research Awards (2013-2018)

- 2013: $4,990,092
- 2014: $6,757,781
- 2015: $4,961,774
- 2016: $4,889,446
- 2017: $7,504,396
- 2018: $7,764,831

New Ivan Allen College School Chair of Economics

Dr. Taylor came to Georgia Tech from North Carolina State University where, for the last ten years, she has been Professor of Agricultural and Resource Economics, and Director of the Center for Environmental and Resource Economic Policy. Her research focuses on policy evaluation and the valuation of natural resources and the environment. She is president of the Association of Environmental and Resource Economists, and has recently served on the US Environmental Protection Agency’s Science Advisory Board, and the North Carolina Task Force for the Department of Interior’s Bureau of Ocean Energy Management. Dr. Taylor’s research has received funding from a variety of sources including the USDA, the US Environmental Protection Agency, and the National Science Foundation, and she has been the Principal Investigator for a total of $2.5 million in grants.
Welcome – New Brittain Fellows
Maria Almanza  
SUNY Buffalo  
20th century literature, disability studies, and literary and cultural theory

Alok Amatya  
University of Miami (FL)  
Local indigenous movements for environmental justice and digital teaching and learning practices

Benjamin Bergholtz  
Louisiana State University  
20th and 21st century global Anglophone literature; postcolonial and globalization studies, critical theory, and rhetoric and composition
Maria Chappell
University of Georgia
Digital Humanities, Early Modern texts, special collections, and digitization

Aaron Colton
University of Virginia
American 20th and 21st century literature, film, music, and online media

Dongho Cha
University of Illinois – Chicago
South Korean and Korean-American literature from mid-1970’s to mid-1990’s, and the role of Asia and Asian migrants in contemporary globalization processes
Alexandra Edwards  
University of Georgia  
Gender in American literature and culture, and digital humanities

Corey Goergen  
Emory University  
Addiction, disability, and dissipation, especially in 18th and 19th century literature

Jeffrey Howard  
Idaho State University  
18th century writing genres; British literature of the Restoration through the long 18th century; TESL; professional and technical communication; composition; writing center theory and practice
Ken Linthicum
Arizona State University
Environmental humanities and the history of science, especially the intersections of culture, science, and the environment

Hannah Markley
Emory University
Medical humanities, especially socio-medical crises of consumption – eating disorders, drug addiction, and alcohol abuse – mark 19th century cultures and continue to exert profound influences on contemporary culture
Kathleen Schaag
University of Wisconsin
Multimodal composition and transmedia storytelling; digital, visual, sonic, and embodied rhetoric; visual cultures and media studies; digital and public humanities; African American and multi-ethnic American literature
